PRESIDENT'S MESSAGE

Welcome along to the Sievwright Oreti Park Super Seller Shelley Speedway Spectacular for 2021! (now try and say that 5 times fast!)

It is our absolute pleasure to be bringing you an event full of #funatfullthrottle

With a full field of grades on display today it will be fast paced from start to finish.

Kadin Cracknell 125cc and Dakota Crengle on the 200cc will both be looking to back up their 2020 wins in their respective grades. The Peewees are wide open with new faces lining up and previous winners moving up the grades.

4 x 1NZ Bradley Wilson Dean is making the long trek South and looking to add another BMC title to his trophy cabinet and Ryan Terry Daley is riding in both the Solo A and the Classic grades.

A large number of B grade sidecars is a great sign for the future of the sport. Jake Gillespie has made the move from 2 wheels to 3 and on current form should be at the pointy end of the points.

Our feature event would have to be the Sidecar A grade with a star studded contingent of riders using this event as a pre cursor for the NZ Sidecar Champs in a fortnight's time. 1NZ Dylan Moohan/Sean Mason will be hunting their first Burt win but local combos 44i James Douglas/Harley Biddle will be looking to notch one up for themselves. 78i Paul Humphrey is our most recent local winner, and with new passenger Chris Chatfield on the back, they will be aiming for a top spot by days end. With so many possible winners amongst the field it will be no mean feat for those that line up for the final in this grade.

We hope you all enjoy your time here today and I would like to take this opportunity to thank all the volunteers and committee that have worked tirelessly to ensure this day is a huge success. We hope to see you all back on the 26/27 Feb for the NZ Sidecar Champs.

Kind regards
Natasha King
President
Oreti Park Speedway

ORETI PARK SPEEDWAY 2020-2021

SEASON CLUB OFFICERS

Information about Speedway Racing

- Races are 4 laps with normally 4 or 5 bikes in a race. Classic Solo's usually do three laps.
- Bikes line up at tapes which rise vertically to allow race to start. Bikes that impede the start (break or touch the tapes) are either: excluded from that race or put back 30m for that race depending on circumstances.
- Some new riders will start 30m back from the tapes until officials are satisfied they are able to enter full competition.
- If a rider causes a red flag (race is stopped) that rider is excluded from the re-start unless they were taking avoiding action.
- A rider who damages their bike whilst avoiding an accident may use another bike in a re-started race if first bike is unserviceable and they are entitled to a re-start.

Information about the Sidecars

- No brakes are fitted, only permitted to change into a higher gear once race has started.
- Made to turn right only. Swinger (passenger) sits behind rider to give traction to rear wheel on straights then 'swings' out to their right and forward to keep bike sitting flat and give more traction to front wheel in corners allowing rear wheel to slide through corner.

Information about the Speedway Motorcycle Solo's

- Purpose built 500cc 4 stroke methanol powered machine of up to 75 horsepower.
- No brakes, fixed speed (no gearbox) to keep weight down to around 85kg.
- Made to turn left only, right hand turns difficult as right footrest is only 30mm above ground so bike can't 'lay' into a right hand turn.
- No rear suspension and only 50mm travel in front suspension.
- Small fuel tank has enough fuel for about 8 laps; hence bikes get topped up if there is a re-started race. Most bikes require 1 or 2 oil changes during a meeting.
