## **SUPER SELLER SHELLEY SPEEDWAY**

3pm, Saturday 10 February 2024

Southern Bolts & Fasteners Oreti Park Speedway, Otatara

## PRESIDENT'S MESSAGE

Welcome to the Super Seller Shelley Burt Munro Challenge proudly hosted by Southern Bolts & Fasteners Oreti Park Speedway. We are celebrating our 50<sup>th</sup> Anniversary this season and have a couple of celebrations to come, keep an eye out on our Facebook page for the details.

Firstly, we would like to send a massive thanks to Shelley Henderson once again for jumping on board as our naming rights sponsor for today's event. We appreciate your ongoing support!

We have a huge amount, of races to get through today so sit back and enjoy the ride at full throttle.

We are one of only 3 dedicated motorcycle speedway tracks in New Zealand and are pleased to have been involved with the BMC since it began with Burt himself competing in Speedway whilst living in Australia.

There will be regular breaks for track maintenance during this meeting which is an ideal chance to check out our vendors who are on hand to provide top quality food, drink and merchandise.

Our pits are closed before & during racing but will open when racing is completed, please feel free to have a look around and have a chat with those who put this show on. Also check out our merchandise stand which is located by the toilets next to our control tower.

Thanks for coming today, travel safe and we all look forward to seeing you for the next Burt Munro Challenge.

Mel Colvin  
Oreti Park Speedway, President.

## Information about Speedway Racing

- Races are 4 laps with normally 4 or 5 bikes in a race. Classic Solo's usually do three laps.
- Bikes line up at tapes which rise vertically to allow race to start. Bikes that impede the start (break or touch the tapes) are either: excluded from that race or put back 30m for that race depending on circumstances.
- Some new riders will start 30m back from the tapes until officials are satisfied that they are able to enter full competition.
- If a rider causes a red flag (race is stopped) that rider is excluded from the re-start unless they were taking avoiding action or if it was a '1<sup>st</sup> corner incident' as ruled by officials.
- A rider who damages their bike whilst avoiding an accident may use another bike in a re-started race if first bike is unserviceable and they are entitled to a re-start.

## Information about the Sidecars

- No brakes are fitted, only permitted to change into a higher gear once race has started.
- Made to turn right only. Swinger (passenger) sits behind rider to give traction to rear wheel on straights then 'swings' out to their right and forward to keep bike sitting flat and give more traction to front wheel in corners allowing rear wheel to slide through corner.

## Information about the Speedway Motorcycle Solo's

- Purpose built 500cc 4 stroke methanol powered machine of up to around 75 horsepower.
- No brakes, fixed speed (no gearbox) to keep weight down to around 85kg.
- Made to turn left only, right hand turns difficult as right footrest is only 30mm above ground so bike can't 'lay' into a right-hand turn.
- No rear suspension and only 50mm travel in front suspension.
- Small fuel tank has enough fuel for about 8 laps; hence bikes get topped up if there is a re-started race. Most bikes require 1 or 2 oil changes during a meeting.
