

Burt Munro *Challenge*

5-9 FEB 2025

SUPER SELLER SHELLEY SPEEDWAY

3pm, Saturday 8 February 2025

Southern Bolts & Fasteners Oreti Park Speedway, Otatara

PRESIDENT'S MESSAGE

Welcome to Super Seller Shelly Burt Munro Challenge proudly hosted by Southern Bolts & Fasteners Oreti Park Speedway, where speed, skill and passion come together! As we gather here to celebrate the excitement of racing, it's worth remembering a true legend of motorsport whose story continues to inspire all who take to the track.....Burt Munro, on the world's fastest Indian.

We are one of only 3 dedicated motorcycle speedway tracks in New Zealand.

Munro's legacy lives on in the heart of every rider at Oreti Park. Our juniors reflect Burt's beginning, developing skills and dreaming big. Solo riders embody the daring spirit he showed on the open salt flats, while sidecar teams channel his knack for innovation and teamwork, flat trackers bring Burt's raw, hands-on determination to every lap, proving that speed is about more than machines, it's about passion behind the throttle.

His story reminds us that no dream is too big, no obstacle too great.

Each race is held over 4 laps (apart from the classic classes who do 3 laps) with a race time of around 1 ½ minutes and normally around 75 races for the event. There will be regular breaks for track maintenance during this meeting which is an ideal chance to check out our vendors who are on hand to provide top quality food, drink and merchandise. Our pits are closed before & during racing but will open when racing is completed. Please feel free to have a look around and have a chat with those who put this show on.

Thank you for coming! We would like to extend our heartfelt thanks to each and every one of you for joining us at Oreti Park Speedway. Your presence makes the event truly special and memorable. We hope you enjoy the thrilling races and have a fantastic time.

We look forward to seeing you again at our future events. Thank you for your support and enthusiasm!

#funatfullthrottle

Mel Colvin

Information about Speedway Racing

- Races are 4 laps with normally 4 or 5 bikes in a race. Classic Solo's usually do three laps.
- Bikes line up at tapes which rise vertically to allow race to start. Bikes that impede the start (break or touch the tapes) are either: excluded from that race or put back 30m for that race depending on circumstances.
- Some new riders will start 30m back from the tapes until officials are satisfied that they are able to enter full competition.
- If a rider causes a red flag (race is stopped) that rider is excluded from the re-start unless they were taking avoiding action or if it was a '1st corner incident' as ruled by officials.
- A rider who damages their bike whilst avoiding an accident may use another bike in a re-started race if first bike is unserviceable and they are entitled to a re-start.

Information about the Sidecars

- No brakes are fitted, only permitted to change into a higher gear once race has started.
- Made to turn right only. Swinger (passenger) sits behind rider to give traction to rear wheel on straights then 'swings' out to their right and forward to keep bike sitting flat and give more traction to front wheel in corners allowing rear wheel to slide through corner.

Information about the Speedway Motorcycle Solo's

- Purpose built 500cc 4 stroke methanol powered machine of up to around 75 horsepower.
- No brakes, fixed speed (no gearbox) to keep weight down to around 85kg.
- Made to turn left only, right hand turns difficult as right footrest is only 30mm above ground so bike can't 'lay' into a right-hand turn.
- No rear suspension and only 50mm travel in front suspension.
- Small fuel tank has enough fuel for about 8 laps; hence bikes get topped up if there is a re-started race. Most bikes require 1 or 2 oil changes during a meeting.

This season's meetings are brought to you with the assistance of our track sponsor

SOUTHERN BOLTS & FASTENERS LTD
